

PUDU CC1 Clean & Clever, Four-in-1

Global Leading Robotics Company

Génération ROBOTS

About PUDU CC1

Y

Machine Dimension	663*626*667mm
Machine weight	75kg
Sweeping Width	500mm
Scrubbing Width	400mm
Water Tank Capacity	Clean Water Tank 15L Waste Water Tank 15L
Charging Time	<3h
Run-time	Max 8h
Cleaning Efficiency	700-1000m²/h
Cleaning Operating Noise	<70dB
Cruise Speed	Max 1.2m/s
Local Interaction	10.1-inch touch screen
Positioning Method	Visual + Laser Positioning

Function Highlights:

- Sets sweeping, scrubbing, vacuuming and dust-mopping multi-function in one.
- □ Four cleaning modes:
 - 1. Standard Sweeping Mode
 - 2. Scrubbing Mode
 - 3. Carpet Vacuuming Mode
 - 4. Silent Mopping Mode

Sweeping

Scrubbing

Vacuuming

Dust Mopping

Suit Various Floor Types effortlessly adapts to different surfaces

Function Highlights:

- □ Suitable for indoor floors with **different materials and hardness**:
- **Hard floor**: Terrazzo, marble, floor tile, epoxy resin, sandstone, artificial stone flooring, etc.
- **Soft floor**: Low-pile carpet

Ultimate Edge Cleaning
ensure thorough coverage and leave no spot untouched

Function Highlights:

Ultimate edge cleaning in certain scenes with side brushes. It performs edge sweeping well with no trash left behind.

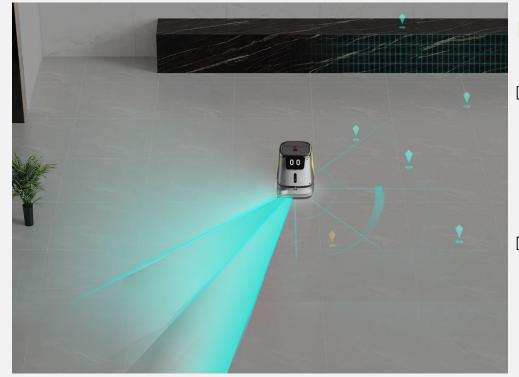

Equipped with **Multi-fusion sensors**, it can stop at any angle and move away as soon as it encounters obstacles.

Automatic Localization & Navigation

Function Highlights:

- Based on PUDU SLAM positioning system, CC1 supports both Visual SLAM and Laser SLAM positioning and navigation solutions to perform tasks more efficiently in complex scenarios.
- Equipped with Multi-fusion sensors, it can stop at any angle and move away as soon as it encounters obstacles.

Function Highlights:

The robot will automatically return to the charging station when the power is low.

Auto Water Refill & Discharge

Function Highlights:

- **Large Capacity: 15L clean water tank and 15L waste water tank** with an exclusive workstation
- **Automatically refill the water and power charging** at the **workstation**
- □ No manual intervention, worry-free and labor-saving

Modular Design Rapid Deployment, Flexible Extension, Easy Maintenance, Easy Accessibility

Function Highlights:

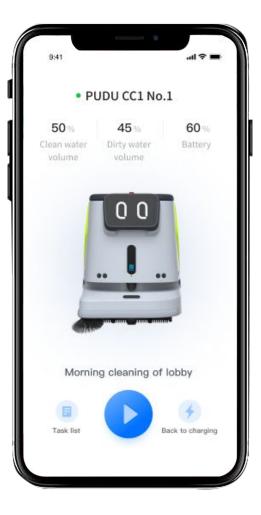

PUDU

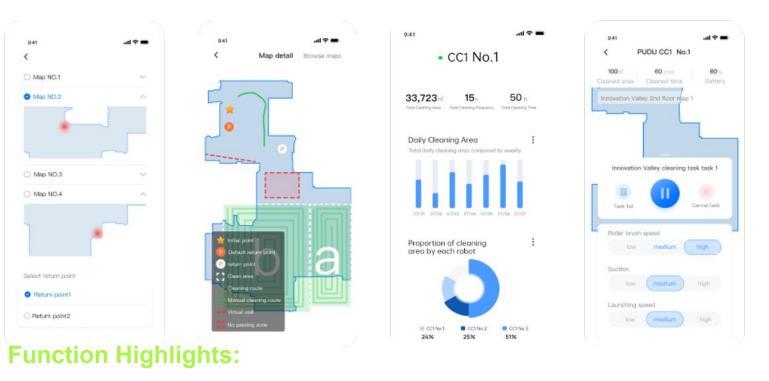

One machine with multiple functions, quick disassembly of components, one click to switch

modular design of cleaning components, the module can be assembled and disassembled in 1 minute.

Simplify the Cleaning Process

Robot-System Interaction PUDU cleaning App

- **Remote operation** via APP, work status can be checked at any time.
- Get **real-time notifications** for cleaning performance, such as cleaning time and cleaning area.

About PUDU CC1

PUDU CC1

Intelligent Commercial Cleaning Robot

- Enhances cleaning efficiency and public image
- Improve cost effectiveness and cleaning quality
- Reallocates custodial efforts to higher-value tasks
- Provides detailed reports for a measurable clean

- **Simplify your cleaning processes** and improve your workflow: pre-set program enables CC1 to start operating automatically and immediately
- Stable cleaning efficiency and higher quality of cleaning

- **Reduce risks of workforce challenges**, such as employee absenteeism and turnover
- Redeploy labor: Employees can focus on more complex responsibilities, ensuring more productivity.

• Lower recruitment, training and management **costs**: simple operation and user-friendly interface, set up and use in hours with minimal training

I	
I	
I	

• With **measurable records and reports**, custodial inspections can be easily dealt with, and work status can be optimized.

PUDU

The Cleaning Requirements from Customers

Less manual intervention, automation, and worry-free

5:00 AM

The robots start the scheduled cleaning tasks automatically.

5:30 or 6:30 AM

Robot 2-X: Complete corridors cleaning on different floors, and send cleaning reports to cleaning supervisor.

1:00 PM

Repeat the morning cleaning tasks and perform the **second cleaning task** on different floors.

5:30 AM

Robot 1: Completes scrubbing the hall.

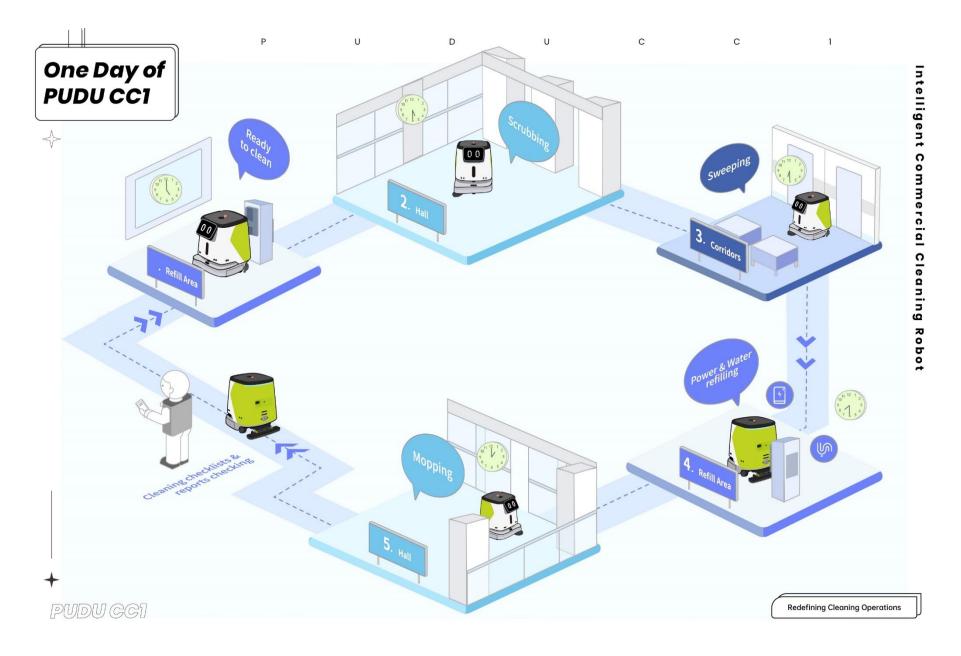

7:30 AM

Finish morning cleaning tasks and the robots automatically return to the workstations for water refilling or recharging.

7:00 PM

Repeat the morning cleaning tasks and perform the **third cleaning task** on different floors.

About PUDU CC1

Pudu Robotics

Shenzhen-based and founded in 2016, Pudu Robotics is a world-leading tech-focused enterprise dedicated to the design, R&D, production and sales of commercial service robots on a mission to use robots to improve the efficiency of human production and living.

Since its inception, Pudu Robotics has heavily invested in R&D, obtained multiple awards such as Red Dot and applied hundreds of core patents to lead the development of the robotics category and provide high technology products that would appeal to targeted markets. Pudu Robotics has been rapidly growing in recent years to become a "leader" in the global markets with coverage of over 60 countries worldwide. The robots are widely applied in restaurants, hospitals, schools, office buildings, government halls, subway stations, waiting rooms, etc.

Sales Network

Pudu Robotics is exploring the global markets rapidly and currently with the coverage of over 60 countries and 600 cities worldwide. We are on the way to explore and deliver more to the future!

GÉNÉRATION ROBOTS

Our added value

With 16 years of experience in robotics, Génération Robots **distributes robots and robotic and electronic components**.

With operations in **France** and **Germany**, it is now one of the major players in the distribution and consultancy of service robotics in Europe.
